

Lab Use Only

CRITICAL REORDER FORM 6C

PLEASE LABEL ALL TUBES WITH PT. NAME & ACCT. NO.

Form fields for CHART NUMBER, Doctor's Name, Date, CLIENT, PET NAME, SPECIES, BREED, SEX, AGE

SUBMIT EQUINE PATHOLOGY REQUESTS ON THE EQUINE PATHOLOGY FORM 7C

Custom Panels or Misc Requests Equine Mare Reproduction Testing

Form fields for Gestation Date or Breeding Date, CS16300 Estrone Sulfate, CS16295 Estradiol, CS16635 PMSG

Equine Early Detection Wellness Program

Equine Individual Testing

Equine Neurologic Testing

Form fields for CL510NE Equine Early Detection Wellness

Form fields for CT672 Equine Lyme Multiplex, CS16285 Equine Viral Arteritis, CS16510 Equine Leptospirosis

Form fields for CL140 Progesterone, CL460 Progesterone and PMSG, CL470 Progesterone and Estradiol

Equine Profiles

Equine PCR Testing

Equine Stallion/Gelding Reproduction Testing

Form fields for CL040 Equine Chem/CBC/Fib, CL010 Equine Chem, CL035 Equine Chem/CBC/Fib/FT4 (ED)

Form fields for CS16730 Selenium, CS16850 Vitamin E, CS17505 Vitamin E/Selenium

Form fields for CS4131 Inhibin, CS14320 Anti-Mullerian Hormone

Form fields for CL030 Equine Chem/CBC/Fib/T4, CL290 Neonatal Foal Panel, CL090 Equine IgG Total

Form fields for CS14388 EPM SAG 2,4/3 ELISA, CS14392 EPM SAG 2,4/3; N hughesi, CS17500 Equine Viral Encephalitis Panel

Form fields for CS16760 Testosterone, Cryptorchid Testing, CS85530 Testosterone Panel, CS16300 Estrone Sulfate

Form fields for CL230 Equine Hepatic Panel/Bile Acids, CT225 Bile Acids (resting), CL240 Equine Renal Screen

Form fields for CS85448 West Nile Virus Ab (SN/ELISA)

Form fields for Equine Thyroid Testing, CT495 T4, CT460 Free T4 (ED), CSA370 T4 and Free T4 (ED)

Form fields for CL270 Equine Comprehensive Renal Panel, CL275 Equine Muscle Enzyme Screen, CL280 Equine Muscle Enzyme Screen/CBC/Fib

Form fields for CL950 Equine PCR GI (Diarrhea) Panel, CL955 Equine PCR Reproduction Panel, CL960 Equine PCR Respiratory Panel

Form fields for Equine PPID and Insulin Testing, CL500 PPID Monitoring Panel, CL525 Endogenous ACTH, CL540 Endogenous ACTH/Insulin/Glu

Form fields for CL190 Equine Rhabdomyolysis Screen, CT140 Equine Electrolyte Screen, CL370 Pre-purchase and Insurance Panel

Form fields for CL965 Equine PCR Fever of Unknown Origin, CS14414 Coronavirus PCR, CS14421 Anaplasma PCR

Form fields for CL575 Endo ACTH/Ins/Glu/Leptin, CL535 TRH Stim, CDEX2 Dex Suppression, CDEX3 Dex Suppression

Form fields for CS1680 Pre-purchase Drug Screen

Form fields for CS14394 EHV-1 PCR, CS14396 Rhodococcus equi PCR, CS86308 Streptococcus equi equi PCR

Form fields for CT470E Insulin/Glucos, CL545 Oral Sugar Test, CL550 Oral Sugar Test

Equine Hematology Testing

Equine Microbiology Testing

Equine Fecal Testing

Form fields for CT332 CBC/Fib, CL070 CBC/Fib/Plasma Protein, CT415 PT/PTT

Form fields for SITE, CM020 Aerobic Culture and Sensitivity, CM030 Anaerobic Culture, CM040 Aerobic C/S and Anaerobic Culture

Form fields for CM121 Salmonella Culture, CM160 Fecal Culture, CL86181 Clostridium Difficile Toxins A/B, CT16007 Clostridium Perfringens Enterotoxin

Equine Urine Testing

Form fields for CM060 Blood Culture and Sensitivity, CM080 Fungal Culture and ID, CM220 Synovial Fluid Culture and Sensitivity

Form fields for CM200 Foal Diarrhea Panel, CL420 Chronic Diarrhea Panel

Form fields for CT760 Urinalysis, CL340 Fractional Excretion of Electrolytes

Form fields for CM130 Urine Culture and Sensitivity

Form fields for Equine Customer Service information

Specimen Key:

- List of specimen key items: B Blue top tube containing sodium citrate, BCB Blood culture bottle, C Culturette, CSF CSF in a lavender top tube, F Feces, FP LT spun; separate plasma from red cells, place in a plastic tube marked plasma and immediately freeze, FS Frozen serum, L Lavender top tube containing EDTA, NS Nasal swab submitted without media in a plain red top tube, R Serum drawn in non-SST tube, separate serum from red cells, place in plain red top with no additive, S Serum, U Urine, voided midstream
